TEXAS HOUSE OF REPRESENTATIVES
TODD HUNTER
DISTRICT 32 ★ ARANSAS & NUECES *(PART)*

April 30, 2026

To Whom it may concern,

I am pleased to offer my support for the Restore Little Bay Foundation and its Restore Little Bay Initiative, a community-driven effort to revitalize one of the Texas coast's natural assets in Rockport-Fulton. This initiative represents a strong partnership among local governments, conservation leaders, and stakeholders to restore Little Bay's ecological integrity through water quality improvements, shoreline stabilization, habitat restoration, and enhanced circulation—while elevating its role as a premier destination for fishing, birding, and coastal tourism. With its Tier 1 designation and executed memorandum of understanding among key partners, the project reflects both technical readiness and meaningful regional collaboration.

The Texas coast is vital to our state's economy, heritage, and environmental future, and investments in projects like Restore Little Bay strengthen long-term coastal resilience while supporting sustainable tourism and protecting critical habitats. I respectfully encourage the General Land Office to continue its partnership and support for this initiative as it advances toward implementation. Thank you for your leadership and continued commitment to Texas' coastal resources. Should you have any questions or need additional information regarding this letter, please feel free to contact my office at 361-949-4603.

Sincerely,

Todd Hunter
